

NEWS RELEASE

Video Display Announces the Acquisition of JACO Display Solutions LLC

January 22, 2020 - Video Display Corporation (OTC: VIDE), a leader in the supply of unique medical, defense and industrial display solutions is pleased to announce the acquisition of the assets and business operations of Jaco Display Solutions LLC, (Jaco) a provider of Rugged LCDs, Touch Panels, Engineering Services, Optical Bonding and Repair & Replacement Services to the display industry.

Effective with signing of the Asset Purchase Agreement by the parties on January 20, 2020, Jaco Display Solutions is to be integrated into the operations of Video Display Corporation of Cocoa, Florida for financial reporting purposes with the intent of also consolidating manufacturing with the Video Display Corporation's manufacturing operations at a future unspecified date for economies of scale.

Based in Tampa, FL. Jaco Display Solutions is a premier supplier of LCD and Embedded Solution needs. From its beginnings more than 50 years ago, Jaco has been transformed from a broad line electronics component distributor to a technology leading provider of displays and value-added integrated display solutions. The Company's products and capabilities can be viewed on the Company's web site at: www.jacodisplays.com.

Video Display Corporation CEO, Ron Ordway, stated, "Adding the display engineering and manufacturing capabilities of Jaco to the existing display product and services offered by Video Display Corporation will increase our capabilities in several areas that VDC previously farmed out to third party vendors and should provide opportunities for increased business and enhance our bottom line as well.

Video Display Corporation designs, develops and manufactures unique solutions for display requirements for military, medical and industrial use with emphasis on high end training and simulation applications. Its product offerings include rugged direct-view and projection displays as well as complete military, broadcast and video-wall sales, installation and support systems. Its fast growing AYON CyberSecurity subsidiary is one of the largest suppliers of TEMPEST qualified products for the US Govt. and defense department applications. Video Display Corporation can be viewed at: www.videodisplay.com
